Ms. Mary Hynes, Chair  
Arlington County Board  
2100 Clarendon Boulevard  
Arlington, VA 22201

RE: Ballston Oak Town House Site Plan

Dear Chair Hynes,

I am writing to express the view of the Transportation Commission regarding the Ballston Oak Town House Site Plan.

**The Transportation Commission, by a vote of 6-0-1 recommends that the County Board approve the development as outlined in the County Manager's recommendation.**

The Commission heard this item at its meeting on Thursday October 29th. The Commission heard a presentation from the applicant and from staff. Commission discussion centered mainly on the removal of parking to meet the fire code.

The need to remove parking spaces for this development in order to meet fire code is a troubling precedent; narrow yield streets are some of our most pleasant streets for walking and biking.

I am happy to answer any questions at 571-482-8454 or [chris@dodgersden.com](mailto:chris@dodgersden.com).

Best,

Christopher Slatt,  
Chairman
